For this activity you will need:

1. [Irregular Verbs List](#)
2. [Job Interview Video](#)
3. This worksheet

You will need to cut the charts on the left, they are **BINGO** cards based on item number 1. Using the Irregular Verbs list, you will make groups of 3-5 students to play with one card, as they find their verbs they will need to write logical sentences in present perfect (you may want to use simple past as well). Remember to print two copies since you will need to get one to put in a bag and get the pieces out of it when playing. After that you may also want to do the video to practice Present Perfect, the activities are in the first page of this document. Before doing the 1st activity, you may play a vocabulary game such as pictionary with the vocabulary you think is relevant to your lesson.
